## Vision ~ Mission ~ Values

---

### VISION

At Home Care will be revered as a vital component of the leading integrated health care system, delivering extraordinary, high quality, individualized care in your home.

### MISSION

The Mission of At Home Care is to deliver comprehensive, compassionate, high quality health care services to patients, their families and their caregivers in the home.

### VALUES

**Quality** (in all encounters, in all outcomes, highlighting safety, with high competency)

**Teamwork** (for all members of the organization, relationships that build trust and nurture each other, our patients and the communities we serve, showing consideration for all)

**Responsible** (for taking personal actions to achieve success in all we do, being accountable for all we do)

**Integrity** (do the right thing at the right time for all patients, employees and the organization as a whole, holding everyone to the same highest standards)

**Service** (providing caring and compassion to all patients, all patients' families and the community that is our organization)

**Respect** (for our patients, our team and each other)

**Commitment** (to the mission, vision and values of the organization; to deliver high quality, compassionate care to our patients)

**Advocacy** (encouraging all staff to excel in their performance and professionalism so that the spark of creativity will ignite all to be change agents. This will create a foundation of excellence in personal and professional achievement and growth)
