

SAFE CARE PROCESSES

A clean, secure environment for care

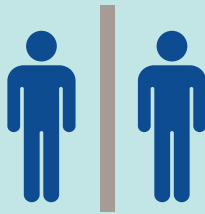

Screening for
COVID-19 symptoms

Face masks provided
to everyone, regardless
of symptoms

Separate care areas
for COVID-19 and
non-COVID-19 patients

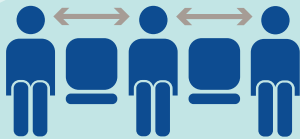

Proper
protective
gear

Frequent
disinfecting
and cleaning

Social distancing
provided for in
public spaces

Sanitizing
stations throughout
the facility

E-check-in and e-visits
to minimize people in
a given area
