## **What kinds of things can volunteers do?**

There are many ways to volunteer across Bassett Healthcare Network - at the bedside or behind the scenes. We make volunteer hours flexible to fit what your schedule will allow. Volunteers are needed in areas like:

- Information desks in front lobbies
- Pet therapy
- Welcoming and greeting
- Emergency Department
- Intensive Care Unit & Special Care Unit
- Long-term Care Facilities
- Cancer Treatment Centers
- And More!

Across Bassett Healthcare Network, we care for our family, friends, and neighbors every day. Volunteers are a cherished part of our caregiver team — and we have many different types of opportunities available.
