

Bassett Healthcare Network covered/non-covered provider list

Most professional charges for emergency or medically necessary services performed at Bassett Healthcare Network hospitals and facilities are covered by Bassett Healthcare Network's Financial Assistance Policy. This list identifies which provider's professional charges are not covered by the Financial Assistance policy. If the physician is not covered under this policy, patients should contact the physician's office to determine if the physician offers financial assistance. For more information or questions regarding whether your charges are covered under the Financial Assistance policy, please review the Financial Assistance Policy application materials, or visit www.bassett.org.

Bassett Medical Center: Currently all charges for services performed by physicians providing emergency and medically necessary services at Bassett Medical Center are covered under the Financial Assistance Policy.

Cobleskill Regional Hospital: Currently all charges for services performed by physicians providing emergency and medically necessary services at Cobleskill Regional Hospital are covered under the Financial Assistance Policy.
