---	---

Discussion Topic	Presenter	Notes:
DOH Updates	Miranda Blakeslee	Updates: IB Duals- Dual Medicaid and Medicare and HARP, they will need to transition to a long term medicaid plan. We will send out the DOH slide to you. They need to be transitioned ASAP so that there are no gaps in coverage. So far all of the folks we are aware of are Bassett Assigned. Resources that have been recently sent to us- VTS volunteer transportation program serving Broome, Chenango and Otsego Counties. BRAVE Healthcare contracted with Fidelis. Provide mental health counseling and will help with the 7 day follow ups post discharge for ED or inpatient stays. Office for the Aging- will send brochure with minutes to tell you more about their services.

		Smoke alarms- email was sent out today we have attached the form as well. Advance Care Planning- A guide will be sent with minutes. We will continue to look for someone to go over this as a training in the future.
Program Updates	Miranda Blakeslee	Fidelis update- *Colorectal screening kits - if anyone would like a kit call into HARP care manager send into an office if they are unhoused. Referral Process review- with Erika out we are distributing tasks for the referral process. We would like all emails sent to the Bassett health home rather than individuals. We want to make sure everyone on the Admin team is informed as there is alot of cross over. Referrals in MAPP daily, Fax and online referrals will be processed M,W,F. The manually ones will require more processing time so that we can ensure that we have all information and process appropriately. If information is missing it will take additional time as we need to verify all information. Direct referrals in MAPP will require that the referral agency uploads all documents, if snapshots are needed reach out for assistance.
QA Updates	Bridget Lamp	Quality- ED follow up and HH+ Checks- These will be sent out this week please send any responses by 8/29/25

		Emails regarding community organizations will be sent out periodically to keep everyone informed. Training Update- Excellus and Aids Institute Trainings *Please continue to send all training certificates to QA these must include total hours for each training. Refresher Training will be offered 8/21/25 from 9am-12pm everyone must register for this training with the provided link. *Person Centered Planning Workshop September 9 & 11th with a second session in October to review comp and plan of care completion. Next Network Training TBD based on new hires.
